

EVENTS 2016

EXCHANGE FORUM 2016

Moscow Exchange regularly hosts conferences known as Exchange Forums in key global financial centres such as Moscow, London, New York and Shanghai to promote the Russian stock market among international investors.

In 2016, the Moscow session of the Forum attracted more than 1,600 delegates.

INVESTTECH 2016

Delegates of InvestTECH 2016 hosted by Moscow Exchange discussed innovations on the exchange market, Blockchain technology, Big Data, Tinkoff financial marketplace, fintech start-ups, Sberbank Messenger, roboadvisory and regulatory issues.

at RUB 65 per share. By the end of the

trading day,
it exceeded
RUB 68 with
the book being
more than two
times
oversubscribed.

**NEW INSTRUMENT:
GENERAL
COLLATERAL CERTIFICATES**

The new instrument combines the advantages of the two most popular products on Russia's

Money Market: centrally cleared repo and GC basket repo with collateral management.

FORUM IN NEW**

**NEW DATA
CENTRE**

YORK

The New York Session of the Moscow Exchange Forum took place on 15 November 2016 with more than 400 delegates including global institutional investors, portfolio managers and senior representatives of banks attending the event.

Moscow Exchange completed migration of its infrastructure to a highly reliable, cutting-edge data centre in order to offer better service quality to its clients. DataSpace1 is the first commercial data centre in Russia and continental Europe to have successfully completed the full cycle of Tier III certification.
